

## Team

- Naval Research Laboratory (NRL)
  - Jerome Schmidt
- University of North Dakota (UND)
  - Weather Modification International
    - Pat Sweeney
  - University of Alabama Huntsville
    - Hugh Christian

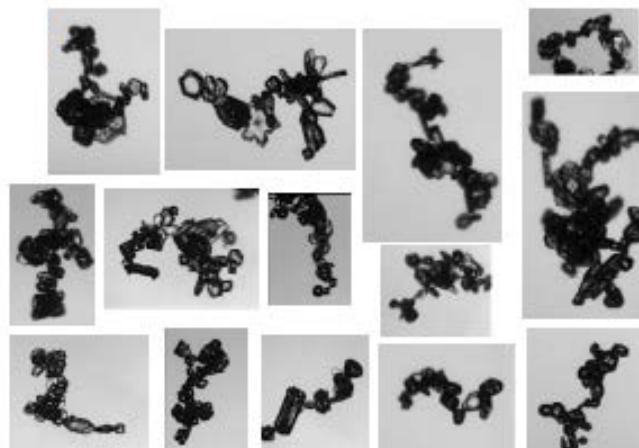

## Objectives

- The Navy's interests is in
  - evaluating the CPR-HD Radar.
  - development and validation of cirrus cloud model.
- The scientific interests is in
  - observations of cloud and electric fields for new discovery.

## Funding

- Naval Surface Warfare Center
  - Dhlgren Division
    - Mark Anderson
    - Joshua Hoover
- 7 Funded Projects, plus Extensions
  - \$1,519,745.10 Total
  - \$974,135.10 UND

## Outcomes

- Many students involved with the field projects and research activities.
- 3 Students Master Thesis
- 3 UND First Author Papers
  - 1 Published, 1 Accepted, 1 Under Review
- 1 Follow on UND Funded Proposal
